MFDR Date Received

OCTOBER 2, 2003

REQUESTOR'S POSITION SUMMARY

Requestor's Position Summary: "Vista Medical Center Hospital charges the above-referenced services at a fair and reasonable rate. Specifically, these rates are based upon a comparison of charges to other Carriers and the amount of reimbursement received for these same or similar services. The amount of reimbursement deemed to be fair and reasonable by Vista Medical Center Hospital is at a minimum of 70% of billed charges. This is supported by a managed care contract with 'Focus'."

Amount in Dispute: \$6,433.97

RESPONDENT'S POSITION SUMMARY

Respondent's Position Summary: The insurance carrier, or its agent, did not submit a position summary with their response to the request for medical fee dispute resolution.

Response Submitted by: DIS, PO Box 759, Houston, TX

Dates of Service	Disputed Services	Amount In Dispute	Amount Due
October 11, 2002 October 29, 2002	Outpatient Hospital Services	\$6,433.97	\$0.00

FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.1, effective May 16, 2002, 27 *Texas Register* 4047, requires that "Reimbursement for services not identified in an established fee guideline shall be reimbursed at fair and reasonable rates as described in the Texas Workers' Compensation Act, §413.011 until such period that specific fee guidelines are established by the commission."

3. Texas Labor Code §413.011(d) requires that fee guidelines must be fair and reasonable and designed to ensure the quality of medical care and to achieve effective medical cost control. The guidelines may not provide for payment of a fee in excess of the fee charged for similar treatment of an injured individual of an equivalent standard of living and paid by that individual or by someone acting on that individual's behalf. It further requires that the Division consider the increased security of payment afforded by the Act in establishing the fee guidelines.
4. This request for medical fee dispute resolution was received by the Division on October 2, 2003. Pursuant to 28 Texas Administrative Code §133.307(g)(3), effective January 1, 2003, 27 *Texas Register* 12282, applicable to disputes filed on or after January 1, 2003, the Division notified the requestor on October 8, 2003 to send additional documentation relevant to the fee dispute as set forth in the rule.
5. The services in dispute, for date of service October 11, 2002, were reduced/denied by the respondent with the following reason codes:
 - N – No documented.
 - C – Negotiated Contract.

Findings

1. The insurance carrier reduced or denied disputed services for date of service October 11, 2002 with reason code C – “negotiated Contract.” Review of the submitted information finds insufficient documentation to support that the disputed services are subject to a contractual agreement between the parties to this dispute. The above denial/reduction reason is not supported. The disputed services will therefore be reviewed for payment in accordance with applicable Division rules and fee guidelines.
2. 28 Texas Administrative Code §133.307(e)(2)(A), effective January 1, 2003, 27 *Texas Register* 12282, applicable to disputes filed on or after January 1, 2003, requires that the request shall include “a copy of all medical bill(s) as originally submitted to the carrier for reconsideration...” Review of the documentation submitted by the requestor finds that the request does not include a copy of the medical bill(s) as submitted to the carrier for reconsideration for date of service October 27, 2002. The Division concludes that the requestor has not met the requirements of §133.307(e)(2)(A).
3. 28 Texas Administrative Code §133.307(e)(2)(B), effective January 1, 2003, 27 *Texas Register* 12282, applicable to disputes filed on or after January 1, 2003, requires that the request shall include “a copy of each explanation of benefits (EOB)... relevant to the fee dispute or, if no EOB was received, convincing evidence of carrier receipt of the provider request for an EOB.” Review of the documentation submitted by the requestor finds that the request does not include copies of any EOBs for the disputed services for date of service October 27, 2002. Neither has the requestor submitted convincing evidence of carrier receipt of the provider request for an EOB for date of service October 27, 2002. The Division concludes that the requestor has not met the requirements of §133.307(e)(2)(B).
4. 28 Texas Administrative Code §133.307(g)(3)(B), effective January 1, 2003, 27 *Texas Register* 12282, applicable to disputes filed on or after January 1, 2003, requires the requestor to send additional documentation relevant to the fee dispute including “a copy of any pertinent medical records.” Review of the submitted documentation finds that the requestor has not provided copies of all medical records pertinent to the services in dispute. Although the requestor did submit a copy of the operative report, the requestor did not submit a copy of the anesthesia record, post-operative care record, or other pertinent medical records sufficient to support the services in dispute for date of service October 11, 2002. The requestor has not provided any copies of medical records for date of service October 27, 2002. The Division concludes that the requestor has not met the requirements of §133.307(g)(3)(B).
5. 28 Texas Administrative Code §133.307(g)(3)(C)(i), effective January 1, 2003, 27 *Texas Register* 12282, applicable to disputes filed on or after January 1, 2003, requires the requestor to send additional documentation relevant to the fee dispute including a statement of the disputed issue(s) that shall include “a description of the healthcare for which payment is in dispute.” Review of the submitted documentation finds that the requestor did not provide a description of the healthcare for which payment is in dispute for date of service October 27, 2002. The Division concludes that the requestor has not met the requirements of §133.307(g)(3)(C)(i).
6. 28 Texas Administrative Code §133.307(g)(3)(C)(ii), effective January 1, 2003, 27 *Texas Register* 12282, applicable to disputes filed on or after January 1, 2003, requires the requestor to send additional documentation relevant to the fee dispute including a statement of the disputed issue(s) that shall include “the requestor’s reasoning for why the disputed fees should be paid.” Review of the submitted documentation finds no documentation of the requestor’s reasoning for why the disputed

fees should be paid for date of service October 27, 2002. The Division concludes that the requestor has not met the requirements of §133.307(g)(3)(C)(ii).

7. 28 Texas Administrative Code §133.307(g)(3)(C)(iii), effective January 1, 2003, 27 *Texas Register* 12282, applicable to disputes filed on or after January 1, 2003, requires the requestor to send additional documentation relevant to the fee dispute including a statement of the disputed issue(s) that shall include "how the Texas Labor Code and commission [now the Division] rules, and fee guidelines, impact the disputed fee issues." Review of the submitted documentation finds that the requestor did not state how the Texas Labor Code and Division rules impact the disputed fee issues for date of service October 27, 2002. The Division concludes that the requestor has not met the requirements of §133.307(g)(3)(C)(iii).
8. 28 Texas Administrative Code §133.307(g)(3)(C)(iv), effective January 1, 2003, 27 *Texas Register* 12282, applicable to disputes filed on or after January 1, 2003, requires that the request shall include a position statement of the disputed issue(s) that shall include "how the submitted documentation supports the requestor position for each disputed fee issue." Review of the requestor's documentation finds that the requestor has not discussed how the submitted documentation supports the requestor position for each disputed fee issue for date of service October 27, 2002. The Division concludes that the requestor has not met the requirements of §133.307(g)(3)(C)(iv).
9. 28 Texas Administrative Code §133.307(g)(3)(D), effective January 1, 2003, 27 *Texas Register* 12282, applicable to disputes filed on or after January 1, 2003, requires the requestor to provide "documentation that discusses, demonstrates, and justifies that the payment amount being sought is a fair and reasonable rate of reimbursement." Review of the submitted documentation for date of service October 11, 2002 finds that:
 - The requestor's position statement asserts that "Vista Medical Center Hospital charges the above-referenced services at a fair and reasonable rate. Specifically, these rates are based upon a comparison of charges to other Carriers and the amount of reimbursement received for these same or similar services."
 - The requestor did not provide documentation to demonstrate how it determined its usual and customary charges for the disputed services.
 - Documentation of the comparison of charges to other carriers was not presented for review.
 - Documentation of the amount of reimbursement received for these same or similar services was not presented for review.
 - The Division has previously found that "hospital charges are not a valid indicator of a hospital's costs of providing services nor of what is being paid by other payors," as stated in the adoption preamble to the Division's former *Acute Care Inpatient Hospital Fee Guideline*, 22 *Texas Register* 6276. It further states that "Alternative methods of reimbursement were considered... and rejected because they use hospital charges as their basis and allow the hospitals to affect their reimbursement by inflating their charges..." 22 *Texas Register* 6268-6269. Therefore, the use of a hospital's "usual and customary" charges cannot be favorably considered when no other data or documentation was submitted to support that the payment amount being sought is a fair and reasonable reimbursement for the services in dispute.
 - In the alternative, the requestor asks to be reimbursed a minimum of 70% of billed charges, in support of which the requestor states that "The amount of reimbursement deemed to be fair and reasonable by Vista Medical Center Hospital is at a minimum of 70% of billed charges. This is supported by a managed care contract with 'Focus'... This managed care contract supports Vista Medical Center Hospital's argument that the usual and customary charges are fair and reasonable and at the very minimum, 70% of the usual and customary charges is fair and reasonable... the managed care contract shows numerous Insurance Carrier's willingness to provide 70% reimbursement for Ambulatory Surgical Centers medical services."
 - The requestor has provided select exhibit pages from the alleged managed care contract referenced above; however, a copy of the contract referenced in the position statement was not presented for review with this dispute.
 - Review of the exhibit pages submitted by the requestor finds a schedule of charges, labeled exhibit "A", dated 04/23/92, which states that "OUTPATIENT SERVICES: 101/401 PAY 70% OF BILLED CHARGES."
 - The requestor submitted a letter of clarification dated July 30, 1992 indicating a change in reimbursement to the above referenced contract, stating in part that "services rendered to eligible Beneficiaries will be considered at 80% of the usual and reasonable charge which is equal to the lesser of the actual charges billed by HCP; OR the eightieth (80th) percentile for charges for such services as set forth in the current Medical Data Research Database."
 - The requestor submitted a fee schedule page, labeled exhibit A, dated effective August 1, 1992

which states, in part, that the provider shall receive “an amount equal to eighty percent (80%) of the Usual and Reasonable Charge for those Covered Services. For all purposes hereunder, the Usual and Reasonable Charge for such services shall be equal to the lesser of: (i) the actual charges billed by HCP for such services; or (ii) the eightieth (80th) percentile for charges for such services as set forth in the current Medical Data Research database.”

- No data or information was submitted from the Medical Data Research database to support the requested reimbursement.
- No documentation was presented by the requestor to support that the referenced contract was in effect at the time of the disputed services.
- The requestor’s position statement further asserts that “amounts paid to healthcare providers by third party payers are relevant to determining fair and reasonable workers’ compensation reimbursement. Further, TWCC stated specifically that managed care contracts are fulfill the requirements of Texas Labor Code Section 413.011 as they are ‘relevant to what fair and reasonable reimbursement is,’ they are relevant to achieving cost control,’ they are relevant to ensuring access to quality care,’ and they are ‘highly reliable.’ See 22 Tex. Reg. 6272. Finally, managed care contracts were determined by the TWCC to be the best indication of a market price voluntarily negotiated for medical services.”
- While managed care contracts are relevant to determining a fair and reasonable reimbursement, the Division has previously found that a reimbursement methodology based upon payment of a percentage of a hospital’s billed charges does not produce an acceptable payment amount. This methodology was considered and rejected by the Division in the adoption preamble to the Division’s former *Acute Care Inpatient Hospital Fee Guideline*, which states at 22 *Texas Register* 6276 that:
“A discount from billed charges was another method of reimbursement which was considered. Again, this method was found unacceptable because it leaves the ultimate reimbursement in the control of the hospital, thus defeating the statutory objective of effective cost control and the statutory standard not to pay more than for similar treatment of an injured individual of an equivalent standard of living. It also provides no incentive to contain medical costs, would be administratively burdensome for the Commission and system participants, and would require additional Commission resources.”

Therefore, a reimbursement amount that is calculated based upon a percentage of a hospital’s billed charges cannot be favorably considered when no other data or documentation was submitted to support that the payment amount being sought is a fair and reasonable reimbursement for the services in dispute.

- In support of the requested reimbursement, the requestor submitted redacted explanations of benefits, and selected portions of EOBs, from various sample insurance carriers. However, the requestor did not discuss or explain how the sample EOBs support the requestor’s position that additional payment is due. Review of the submitted documentation finds that the requestor did not establish that the sample EOBs are for services that are substantially similar to the services in dispute. The carriers’ reimbursement methodologies are not described on the EOBs. Nor did the requestor explain or discuss the sample carriers’ methodologies or how the payment amount was determined for each sample EOB. The requestor did not discuss whether such payment was typical for such services or for the services in dispute.
- The requestor did not submit documentation to support that payment of the amount sought is a fair and reasonable rate of reimbursement for the services in this dispute.
- The requestor did not support that the requested alternative reimbursement methodology would satisfy the requirements of 28 Texas Administrative Code §134.1.

The request for additional reimbursement is not supported. Thorough review of the documentation submitted by the requestor finds that the requestor has not demonstrated or justified that payment of the amount sought would be a fair and reasonable rate of reimbursement for the services in dispute. Additional payment cannot be recommended.

Conclusion

The Division would like to emphasize that individual medical fee dispute outcomes rely upon the evidence presented by the requestor and respondent during dispute resolution, and the thorough review and consideration of that evidence. After thorough review and consideration of all the evidence presented by the parties to this dispute, it is determined that the submitted documentation does not support the reimbursement amount sought by the requestor. The Division concludes that this dispute was not filed in the form and manner prescribed under Division rules at 28 Texas Administrative Code §133.307. The Division further concludes that the requestor failed to support its position that additional reimbursement is due. As a result, the amount ordered is \$0.00.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to \$0.00 reimbursement for the services in dispute.
